That's why Spur Cigarettes have won. There are plenty of cigarettes of merit, some claiming one pleasing feature, some another. But there was room-at the top-for a still better cigarette—one that had all the goodness of the others and then some! Spur Cigarettes were made with that object in view-to fill that place at the top. . The choicest American and Imported tobaccos were blended by a new method that brings out to the full that good old tobacco taste that smokers are always seeking. Satiny, imported paper was used. It is

crimped, not pasted, to make an easier-drawing, slower-burning cigarette.

Then these super-cigarettes were put into a smart "brown-and-silver" package, threefold, to keep them fresh and rich in that good old tobacco taste.

Lastly, Spurs were priced at twenty for 20c—the lowest possible price for a cigarette of highest possible quality.

Smokers tried Spurs. Their verdict, every-where, has been: "A high-bred cigarette!"
